

## PRESS RELEASE

February 11, 2008

### THRANE & THRANE AWARDED DKK 13 MILLION SYSTEMS CONTRACT

Thrane & Thrane has received a DKK 13 million systems contract from the Singaporean communications company, SingTel, one of the worlds leading service providers of Inmarsat airtime. Delivery of the systems is planned for the spring of 2008.

SingTel has decided to invest in the latest Thrane & Thrane Inmarsat-C Land Earth Station hardware to replace the company's existing equipment located at Sentosa Island, Singapore.

Design, development, manufacturing and selling of satellite access stations has been a Thrane & Thrane key business area since 1990. As the leading player in the field, the company delivers high quality turnkey solutions; satellite access stations including interface to terrestrial networks, large disc antennas, RF equipment and access control and signaling equipment.

"Thrane & Thrane leads the market in satellite systems technology and service and has installed over 130 Inmarsat Land Earth Stations all over the world to date," comments Mads Winkler, Sales Manager Systems. "SingTel, Singapore's and Asia's leading communications company with over 35 years in the satellite business is confident of the performance and reliability of the systems Thrane & Thrane will supply."

To find out more about Thrane & Thrane's systems products visit [www.thrane.com](http://www.thrane.com). To find out more about SingTel, visit <http://www.singtel.com>.
